Subject: Lecture Arrangements for 14th, 15th & 16th May 2025

Please be informed that the Student Services Department will carry out chemical pest control treatments in the hostels starting tomorrow. Following the treatment, the hostels will remain closed for two days and then be kept open for ventilation for another two days before students are permitted to return. Accordingly, hostel access will only be granted from 14th May 2025 onward.

In light of this, the Faculty has decided to continue online lectures until 16th May 2025. This measure is taken to prioritize student safety and ensure adequate time for the chemical effects to dissipate.
